### At Makee Island.

One of the best concerts the Government band has given for some time, was heard by an unusually large audience at Makee Island last evening. The tram line was well patronized, about 250 wheels were out and 100 or more carriages lined the road and driveways. All of the band numbers were good. The most effective perhaps was "Love's Old Sweet Song." Miss Kanoho was in fine voice and gave three selections and "Doris" as an encore. "Pride of the Ball," is a pretty waltz song that has become a great favorite. Mr. Charles Keuter gave for his cornet solo "Old Folks at Home," and rendered it with genuine feeling and expression. Makee Island was crowded and the applause was liberal.

### Native Church Social.

Waikiki church, opposite the American Legation on the Waikiki road, was the scene of a happy gathering last evening. The occasion was a social at which both young and old gathered and the program consisted entirely in vocal and instrumental music, all of which was most creditably done. Whether the young or old sang solos, duets, quartettes or choruses, the result was equally pleasing. Rev. Kimokeo, the minister, presided and, just before the last number, thanked the performers for the cordial spirit in which they responded to the call for their assistance to make the social a success.

### A Woman Said It.

A Punahou lady who likes the Advertiser made an attempt yesterday to telephone a joke to the paper. It was a real neat story, quite up to date. Perhaps the lady was rattled. Perhaps the wires were crossed. This is what she said: "Say, have you heard that they have put a guard around the magazines to keep them from exploding?" There does not seem to be much to this. Here is the real thing: "Have you heard that Minister Cooper has ordered a guard of soldiers to be on duty at the library building day and night?" "No," what is the use of that?" "Why, the library trustees are afraid the magazines will explode."

The electric light pole at the corner of Nuuanu and Pauahi streets is so badly decayed at the bottom as to be dangerous to passers by. It is now leaning toward Ewa and may fall at any moment.

Owners of horses, with the feedstuff prices having such a marked advance, are rather envying wheel users. Hay has reached a higher figure than for several years.

Harry Opio, one of the trustees at the police station, was released yesterday morning. He has served his time for the larceny of a horse and is now a free man.

In the Supreme Court yesterday there was argued the case of the Oahu Lumber and Building Co., vs. Sing Tai Co. The Court was in session half the day.

Two companies of bluejackets from the Bennington were out for drill on the parade grounds in front of the drill shed yesterday morning.

It is on Saturday afternoon next that the special horse racing meet will be held on Kapiolani park track.

### GIVE YOURSELF WEIGHT.

Don't give yourself away by accepting any of the inferior brands of beer. Be onto yourself and insist on getting "Rainier" and you will be looked upon as being intelligent and up-to-date, especially if you patronize the Favorite Saloon.

W. M. Cunningham, Proprietor of this well-known resort, has been in the business for many years, and is a connoisseur in liquors. His establishment is always orderly, and, with the services of his assistant, Mr. Thompson, customers are promptly supplied.

Don't waste your time and money and health on weak-cheap and alum-cheap baking powders.

Ask your grocer—"Can I really afford to buy such?"

### Stock Taking

With us means hard and tedious work, work that cannot be avoided any more than the Friday house cleaning. In fact stock taking is a form of house cleaning on a very large scale. Below we quote you a line of goods which we are anxious to sell rather than count them in on the inventory. Not that there is anything wrong, just the contrary, but by selling them now it saves handling, counting and remeasuring.

### DOES YOUR PURSE LEAK ?

No better way to stop the leak, than by getting a purse with some lasting quality in the leather.

We believe a poor purse is dear at any price; and for that reason will not allow them to creep into our stock.

Our leathers are all choice Seal, Morocco, Calf, Hog-Skin, Monkey, Lizard, Rattle Snake, Kangaroo, and other choice skins.

The mountings and shape leave nothing to be desired, and so different from anything else in the city, that you are assured of a choice and exclusive pattern beside the lasting quality of the leather itself.

We also have a good selection of silver and silver gilt chain purses, to be carried with a chain round the neck. Very stylish for stylish people.

### A BIG DIFFERENCE.

There's a big difference in ways of doing business. Some dealers simply strive to get a customer in their store, sell as much as they can at once, and never expect to see that customer again.

### OUR WAY

is to always satisfy a buyer, no matter how small the profit. This method makes permanent patrons, and our trade is largely made up of customers who have been coming back to our store year after year.

### TRY OUR WAY

once, and you will keep coming back the same way, too. We keep a sharp lookout for the best in furniture and house furnishing and you get the benefit of our attention to business and our years of experience. We only buy of well known and reputable houses.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Plovers, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engines, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.
